WEEKLY REPUBLICAN-1907.
DAILY PUBLIC LEDGER-1894

MAYSVILLE, KENTUCKY, FRIDAY, JANUARY 11, 1918.

A SUGGESTION

The very day this war is over—
Don't let us lose a minute—
But get a strong and lofty cage
And put the Kaiser in it.

The Crown Prince, too, and Hindenburg;
All sporting iron crosses,
And throned on bombs or shrapnel
shells
Three military bosses.

Each one dolled up in uniform,
With stiffly braided collar—
Then tour the country with the lot;
Admission: Half a Dollar.

And when we reach a tidy sum,
One worthy of this nation,
To France and Belgium slip the coin
For rehabilitation.

MARY MAXWELL.

IMPORTANT K. OF P. NOTICE

The regular weekly meeting of
Limestone Lodge No. 36 K. of P. will
be held at Castle Hall this evening at
7 o'clock, at which time two candi-
dates will be initiated into the ranks
of Esquire. All members are request-
ed to see these two men. Page Carl
Dodds and Page Walter Slinger, ride
the goat. There will be an old time
team to help make things interesting,
so be sure to be on hand.

R. M. NEWELL, C. C.
B. H. Greenlee, K. R. & S.

NOTICE TO THE PUBLIC

On and after January 1, 1918, all
sales of ice to be cash.

W. P. NEWDIGATE.

Butter fat 55 cents a pound at the
Maysville Model Creamery this week

NOTICE TO WATER WASTERS

There are a number of water con-
sumers in the habit of letting hy-
drants and other fixtures waste wa-
ter almost constantly, but mainly all
night, during cold weather. These
guilty ones are endangering the need-
ed steady water supply, and are apt
to deprive the good citizens, who are
using water economically from a
steady supply. Coal supply very low
and new supply difficult to secure.
All consumers are requested to prac-
tice extreme economy in the use of
water. River conditions very serious
for the safety of the intake. We are
not sure that the supply will be very
regular and the shutting off services
of water wasting consumers without
further notice will now be the only
remedy. Upon examination of large
pump this morning a discharge pipe
casting was found broken. A new one
must be made. While this is being
done, the small pump will have to
run. The quantities of water used
lately can't be supplied by this small-
er pump.

MAYSVILLE WATER COMPANY.

PUBLIC WOOD CHOPPINGS ARE CONDUCTED IN BROWN COUNTY SO SCHOOLS MAY BE REOPENED

Georgetown, Ohio, January 10.—The
Brown County Fuel Administrator and
the County Coal Commission, at a
joint meeting at the courthouse this
afternoon, issued an order permitting
the schools to reopen next Monday.
Many will use wood exclusively for
heating purposes. Public wood chop-
pings are being conducted in all parts
of the county and farmers are donat-
ing the wood.

NOTICE

All persons who have claims for ex-
onerations from taxes will please ap-
pear before the County Clerk before
next Tuesday as that will be the last
day.

DELINQUENTS REPORTED

County Exemption Board Furnishes
Chief of Police Ort With Names of
Young Men Who Have Failed
to Return Questionnaires
in Prescribed Time.

The following order has been fur-
nished Chief of Police Ort by the
County Exemption Board:

To Harry A. Ort, Chief of Police:

There is hereby certified the fol-
lowing list of names and addresses
of persons who have been duly and
legally notified to file with the local
board the questionnaire required by
the regulations promulgated by the
President of the United States under
authority granted by act of Congress
approved May 18, 1917, and who have
failed to file such questionnaire.

Under authority of Section 6 of the
act of May 18, 1917, and by Section
130 of selective service regulations,
you are required immediately to visit
in person or through deputies each
person whose name appears on this
list, to locate such persons if possible
and bring them before this local
board. If you are unable to produce
such persons within five days of the
date hereof, exclusive of Sundays and
legal holidays, you shall report to this
local board all information you may
have obtained concerning such delin-
quent registrants.

Further information and description
concerning these persons is available
in the records of this local board.

Member of Local Board.

FULL-TIME HEALTH OFFICER

Ideal work for the prevention of
sickness is only possible in counties
where there is a carefully selected
and trained health officer who is so
supported financially, as has been
true from time immemorial of judges
and similar court officials, that he can
give up the practice of medicine and
other business and devote his entire
time to the protection of health and
life. And the highest principles of
both economy and humanity demand
that such an officer be provided for
Mason county.

It is easy to see why this is true.
In Kentucky the vital statistics re-
turns prove that preventable sickness
and deaths cost the people \$29,816,
378, for the average year, more than
four times the total annual revenue
of the state, and this loss was about
equally distributed to all the counties
according to population. In the face
of these figures, made public over and
over again, the salary of the health
officer in most counties runs from
nothing to \$50.00 to \$400.00 a year.
For this he is expected to look after
the health interests of from 8,000 to
40,000 widely scattered people, neg-
lect and often lose his practice, incur
enmities and often be exposed to per-
sonal abuse or violence, and then col-
lect the pittance of a salary.

Is it any wonder that county health
work is very often a failure. In spite
of the liberality of the State in plac-
ing laboratories and other scientific
aids within reach of every family, and
the earnest desire of every doctor that
each family shall have these aids for
the prevention of sickness, every citi-
zen and family should have these facts
repeated to them until they under-
stand them and realize that a Full
Time County Officer is the best health
investment any county can make.

McHENRY TO GET TRY-OUT WITH REDS

The Manchester (O.) Signal says:
Austin McHenry, of Blue creek, this
county, will be given a try-out with
the Cincinnati Reds this season. Mc-
Henry made his professional debut
with the Portsmouth team of the Ohio
State league. During the fore part of
the last season McHenry was a mem-
ber of the Milwaukee club and he hit
hard. He experienced a slump and
according to McHenry, Danny Shay,
who then was managing the Mil-
waukee team began to "ride him". Mc-
Henry begged the Brewers' manage-
ment to send him to some other team,
and he was let go to the Peoria club,
with which he finished out the season.
McHenry lives in Adams county, Ohio.
He hopes to make good under Christy
Mathewson's watchful eye.

Mrs. Charles Biggers of Fourth
street, left Thursday for Atlanta
City, to visit her daughter, Miss Edith
Biggers.

PARKER-SCHWEICKART

Former Maysville Young Lady Mar-
ried at Georgetown Sunday to
Prominent Young Man of
That Place.

The Georgetown (O.) News-Demo-
crat contains the following item of
much interest to friends of the con-
tracting parties here:

A pretty home wedding was sol-
emnized in Georgetown Sunday after-
noon at the beautiful home of Mr. and
Mrs. L. C. Parker, when their eldest
daughter, Lucille, became the bride
of Mr. Raymond C. Schweickart. The
home was artistically decorated with
potted plants, pink roses and carna-
tions, pink being the predominating
color. The bride was attired in a
gown of white lace and satin and car-
ried a beautiful bouquet of La France
roses. Her maid of honor, Miss Mabel
McBeth, was handsomely attired in a
gown of pink georgette and wore a
corsage bouquet of pink rosebuds. At
2 o'clock, to the strains of Mendels-
sohn's wedding march, played by Miss
Mary Margaret McKibben, the bride
and maid of honor descended the stair-
way, the bride, led by little Miss Helen
Parker, acting as flower girl, was met
by her father, who gave her in mar-
riage to the groom, who was attend-
ed by Tyree Neu, who acted as best
man. The marriage service was im-
pressively performed by Rev. John G.
Quinlan, the double ring ceremony
being used. Delightful refreshments
were served, after which the bride
and groom, amid pleasant farewells,
left for a short wedding trip, after
which they will reside in Maysville,
where the groom has a position. The
bride is the eldest daughter of Mr.
and Mrs. L. C. Parker, is a graduate
of the Maysville High School, and is
an accomplished musician. The
groom, an exemplary young man, is
the only son of Mr. and Mrs. August
Schweickart, and is a graduate of the
local high school. The best wishes and
congratulations of their many friends
go with them.

NO G. O. P.

On Big Committee—Thirteen Members
of House of Representatives to
Compose Rules Committee.

Frankfort, Ky., January 10.—Thir-
teen members of the House of Repre-
sentatives, all of whom are Demo-
crats from the nine Democratic con-
gressional districts of Kentucky, were
named last night by Speaker Robert
T. Crowe to compose the Rules Com-
mittee of the House during the pres-
ent session of the General Assembly.
This is the most important committee
in the House, and in addition to hav-
ing charge of all bills during the last
ten days of the session the committee
also will assist the Speaker in select-
ing the members of the other sixty-
five committees to be named between
now and reconvening of the House of
Representatives next Monday.

No reason was assigned by the
Speaker for not placing any Republi-
can member of the House on the im-
portant Rules Committee, except that
the minority party was not represent-
ed on the committee at the last ses-
sion, of which he was not the Speak-
er.

Lieutenant Governor James D.
Black tonight that the personnel of
the standing committees in the Sen-
ate likely will be announced by him
today. He said he had been hard at
work all during yesterday and last
night in an effort to prepare the com-
mittees, but had found it somewhat
harder than anticipated because of the
new members and his inability to as-
certain what committee appointments
they desired.

BOARD OF DIRECTORS

Of Chamber of Commerce Meets and
Transacts Some Very Important
Business.

A meeting of the Board of Directors
of Chamber of Commerce was held in
the committee room yesterday
morning at which time much impor-
tant business was transacted.

The following applications were re-
ceived and elected to membership:
Phillips & Co., Albert Day, H. C. Pol-
litt, Omar Dodson, A. O. Taylor, Roy
Giehls and G. P. Lambert.

The Board of Directors voted
Messrs. E. D. Newell, J. M. Calhoun
and H. W. Cole honorary members
with remission of dues for the period
of the war. While this was a depar-
ture of its custom they felt that it
would be giving merited recogni-
tion to their active patriotism and loy-
alty to home and nation.

A communication from Hon. J. H.
Small, Representative and Chairman
of the committee on Rivers and Har-
bors, House of Representatives, ask-
ing for detailed information dealing
with the subject of river development
was read and referred to the River
Improvement Division.

A communication from President
Robert Vaughn, of the State Chamber
of Commerce, and H. H. Cherry,
Chairman of Publicity and of the
Speakers Bureau, State Council of
Defense, extending the local Chamber
of Commerce an invitation to have
representation at the Kentucky War
Conference to be held in Louisville
January 15 and 16, were read. Upon
motion, President S. F. Reed, Direc-
tor of State and Federal Affairs, W.
W. Ball, Jr., and Secretary Dodds
were elected a committee to repre-
sent the organization together with as
many of the members as could con-
veniently arrange to attend.

VISIT CINCINNATI SCHOOLS

Dr. Edwin Matthews, Dr. W. C.
Crowell and Superintendent W. J.
Caplinger left yesterday for Cinci-
nnati where they will visit the Manual
Training Departments of various
schools and purchase machinery and
supplies for the Manual Training De-
partment which will be opened in the
Maysville High School next season.
Supt. Caplinger expects to attend to
the installment of the Manual Train-
ing supplies and get all in readiness
for the school term of 1918-19.

OUTPUT OF FLOUR MILLS TO BE BOUGHT BY U. S.

Washington, January 10.—To supply
the needs of the army and navy and
those associated with the United
States in the war, the Food Adminis-
tration will purchase from every flour
mill in the country not to exceed 30
percent of its output. Out of the flour
purchased, it was explained, the Food
Administration will retain at all time
a reserve stock and will ship flour to
any point where the local supply
might be short.

"This measure is not taken with a
view to diminishing supplies to the
market," said an administration an-
nouncement, "but is to fundamentally
further adequate handling of trans-
portation in respect to army, navy

and export requirements and a regu-
lar supply of flour for the associat-
ed in the war of the United States at
favorable loading points, and more
regular flow of the commodity and to
prevent congestion and inequalities in
stocks of flour owing to transport dif-
ficulties."

ROBERSON-GREEN

Mr. Russell G. Roberson, aged 21,
Nicholas county, and
Green, aged 21, of
ty, were married in the
office yesterday by County
Purnell.

The Forest Avenue Parent-
Association will meet at the s-
building this afternoon at 3 o'clock.
All the members are urged to at-
tend.

The New Year

May bring you some perplexing financial problems
to solve. If it does, don't worry about them. Just
come to us and let us work them out for you. That is
our business we will be glad to help you.

No transaction is too small to receive our care-
ful attention and none large enough to perplex us.

We pay 3 per cent. interest on Savings Ac-
counts and would be pleased to lend you any money
you may need. We make a specialty of helping de-
serving people to buy and pay for farms.

Come to us for anything you may need in the
Banking line.

THRIFT ESSENTIAL

Very terrible. No man with red blood in his veins is serious import, and yet there are worse things than that front and fighting for one's country. And one of the worst is staying at home and failing in one's duty to every possible way those who are fighting for us at the front. We may stay at home and live—Exchange.

Win the war. This is the aim of every true American. To do this we must meet the issues of the hour squarely in the face and stand ready to do anything Uncle Sam deems best.

One of the essential things for a nation at war to do is to practice thrift.

The European nations, after three years of war, during which time many great saving reforms have been accomplished, find it imperative to practice these reforms with utmost care. Experts have told us that there will be a world-wide shortage of foodstuff unless strict economy is practiced by all.

That the United States is an extravagant nation is a well-known fact. The American and British armies combined could live comfortably on the food wasted in this country. The average food is estimated at \$700,000,000, and while this is a great deal, yet it means less than 2 cents a day for each individual.

With the waste of food comes the waste of time and material entering into the manufacture of articles, which also affects the nation's prosperity. There are many ways to save time and material, and everyone should use their influence along these lines. Conservation of time and materials means a great production. The production of all war supplies is one of the needs of the hour, and with this great production the beginning of the end of the war will loom in sight.

This war is being fought in Europe to prevent its being fought in America. Unless it is won across the sea it will be necessary to defend our own land.

National thrift is imperative now if the United States is to be victorious in this war. Thrift on the part of every man, woman and child—in public and at home. Don't waste anything. Save food, save time and save materials—and there will be sufficient supplies for our soldiers and sailors, without allies, to win the war. Be a saver and a saviour for your country.

ENGLISH FOR EVERYBODY

"The next thing that must be in the way of world efficiency," says the Los Angeles Times, "is to get rid of a lot of language that are floating around in restraint of trade. It will be the most difficult feat of all, but it must be done, just the same."

"This thing of every bunch of people across a river or a mountain speaking a different language from their near neighbors is the biggest handicap the world has to contend with today. Moreover this surplus of languages is the one thing above all others that has caused misunderstanding, wars, strategies, spoils, hell-raising and hatreds generally."

As regards the iniquitous results of the present lingual chaos it is easy to agree with the writer of this anti-Babel screed. We can agree, too, with his conclusion that everybody in the world ought to "speak United States." Quite aside from our natural predilection, a very good case can be made out for nominating English as a universal language. It is already in the lead. It is said to be the simplest in construction. And it has a natural advantage in being made up so largely from other important languages, so that it is easy to learn. But whether we can "put it over" is another question.

The multiplication of tongues may be a disease, but races and tribes and nations seem to have an insuperable fondness for their own particular forms of the disease. With the exception of religion, language is perhaps the most durable heritage of human society. There are some 3,424 spoken languages or dialects in the world, and every one of them is preferred to all others by those who speak it. Moreover, to borrow Kipling's broad-minded verdict concerning tribal lays, it may be that "every single one of them is right."

How are we going to substitute English—or American—for all the other 3,424 varieties? The answer is, we're not. We can't do it.

"The thing to do," announces the Times glibly, "is to make yourself as nearly as possible a master of English, and then for the other fellows to speak our language for their own good."

But the Germans tried that, and see how popular German is now outside of Germany!

WHY NOT DRAFT THEM?

The Minnesota state forester, W. T. Fox, has been inspecting conditions in Northern Minnesota where logging operations have been greatly curtailed. The trouble is not shortage of labor. Mr. Fox reports that there is plenty of labor on the spot. He gives high wages as the chief cause of all the trouble and delay.

Lumbermen are receiving more than twice as much money for their lumber as they have in the past few years, and nearly five times as much as they did in 1914.

The result is that the men need to work only a few days at a time to make all the money they want for a while. Then they go home until the money is gone. The effect upon logging operations is obvious.

The same explanation has been given for the labor shortage at some of the shipyards. The men that are on the job won't work steadily because they make enough in a day or two of steady work to keep them through frequent vacations.

In the meanwhile expert workmen, electricians, etc., who were making several dollars a day in civilian life before the war now working in the various cantonments on privates' pay. They are drafted into the service of Uncle Sam.

The war demand for lumber is great. Why not draft an army of lumber jacks, put them on regular soldiers' pay and let them serve their country directly as soldiers do? If present conditions continue to obstruct important work the government will surely take some step toward extending the operation of the selective draft system. And patriotic Americans will be glad of it.

Y. M. C. A. BUYS 150 TONS OF CANDY

Fifty tons of lemon drops, fifty tons of chocolate fifty tons of gumdrops! That is a big order or sweets with sugar as scarce as it is, but it represents a single purchase of the Y. M. C. A. for candy stock for its canteens and huts with the American army at home and abroad, according to information just received here. The boys in khaki love sweet things—and the Y. M. C. A. is almost the sole agency to supply them.

Even before Gen. Pershing recommended that the Red Triangle take over the management of the whole canteen system in France, orders had been placed for the entire output of a lemon drop factory and for the period of the war! This means about 15 tons a month for use in this country and abroad.

An official report of articles shipped to France for Uncle Sam's nephews during December alone includes the following: 75,000 tons of canned fruit; 480,000 dozen packages of crackers; 100 tons cocoa; 100 tons of sugar; three carloads of flour, 4,000 dozen tubes of tooth paste; 300,000 packages of chewing gum; 400 tons of milk, nut and sweet chocolate; 75,000 boxes of cough drops. The budget for the month approximated \$600,000.

The Y. M. C. A., it is stated in the report, is shipping each month to France 8,000,000 sheets of letter paper and 4,000,000 envelopes. Supplies are sold to the men at practically their cost to the Y. M. C. Stationery, however, is for free distribution. When the troops move forward into the trenches, Y. M. C. A. supplies of chocolate and coffee, sandwiches and cocoa are passed out at no cost to the men.

Many of the supplies needed abroad are now being shipped over-seas in trunks belonging to secretaries, who are allowed 300 pounds of baggage, but donate a share of their allotment to Red Triangle supplies for the soldiers.

TAKE GERMAN FLAG FROM POST OFFICE

New Haven, Conn., January 9.—A large German flag was taken to police headquarters early today by a man who said he found it tied to a door of the postoffice. The flag has printed on it in large letters:

"Compliments of one German whom it took 30 United States hogs to whip. Deutschland Uber Alles! M. Von Hoegen."

The police say they have no information about the flag except that given by the man who brought it in. They are inclined to treat it as a joke. Postoffice officials knew nothing about it.

When ex-Ambassador James W. Gerard, of Germany, addressed a meeting of 14,000 persons in San Francisco recently, the price of admission was fixed at one pair of useable shoes, either new or old, the same to go to war victims of the allied nations.

A MOST ASTOUNDING OFFER

The kind you seldom hear of these days during bargains days now to January 30th only we offer you

The Daily Commercial Tribune, Cincinnati's only real morning paper, (having a regular yearly as low as \$8.00) and

\$100,000,000 A MONTH PAID TO FIGHTING MEN OF U. S.

Washington, January 9.—The payroll of the fighting forces of the United States is now nearly \$100,000,000 a month.

This sum includes salaries of officers and enlisted men in the army and navy serving both in this country and abroad, family allotment and compensation for services rendered, but does not take into account family allowances made toward the support of enlisted men, under specified conditions, nor does it include any of the special compensatory features of the military and naval insurance act.

NEW YORK CITY LAWYERS OPPOSE DRY AMENDMENT

New York, January 9.—Resolutions calling for the defeat in its present form of the proposed federal constitutional amendment establishing prohibition on the ground that a provision in it giving both Congress and the state power to enforce it would cause confusion, have been adopted at the annual meeting of the New York City Bar Association. It was announced today. The resolution recommends the substitution by Congress of a new measure free from this "element of conflicting jurisdiction."

Dr. Dudley A. Sargent of Harvard University is of the opinion that women should make every whit as good soldiers as men.

Why not try a Ledger Want Ad?

"WHERE THE RIVER SHANNON FLOWS"

This play will be presented by the Shannon Stock Co. at the Washington tonight.

A feature play that has never been seen at popular prices will be offered tonight. This play tells a beautiful story woven around the life of a little girl who comes from Ireland to visit her guardian in America. She becomes entangled in many difficulties, but all ends well for the hearts that have ached and loved—"Where the River Shannon Flows". Much comedy runs all through the play.

A family matinee will be given tomorrow at 2:30 when that merry musical farce, "The Twin Bachelors" will be offered. The matinee prices will be 15 and 25 cents.

NOTICE TO PASTORS AND CHURCH CLERKS.

All announced intended for our church column must be in this office on Friday by 12 o'clock to insure insertion. All announcements received after this time will be omitted.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that times I could not get on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and several doctors told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to factory and work all day, come home and get supper and I feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METTERIANO, 36 West 10th St., Peru, Ind.

PRESIDENT SUPPORTS WOMAN SUFFRAGE

Advices Committee to Pass Amendment As "Act of Justice"—Suffrage Champions See Certain Victory for the Cause as Result of President's Appeal to Congressmen.

Washington, January 9.—President Wilson tonight threw his support to the federal amendment for woman suffrage.

On the eve of a vote on suffrage in the House, twelve Democratic members called at the White House with word that many of their colleagues wanted advice from the head of their party as to the position they should take. There was a conference of forty minutes, the result of which was described in this statement, dictated by the President himself and made public by the delegation:

"The committee found that the President had not felt at liberty to volunteer his advice to members of Congress in this important matter but when we sought his advice he very frankly and earnestly advised us to vote for the amendment as an act of right and justice to the women of the country and of the world."

In these few lines, suffrage champions saw certain victory where a few days ago most of them privately were conceding defeat. A large majority of the Republicans in the House have been counted upon to support the amendment and enough Democrats are committed to assure a close vote. With the weight of the President's influence to swing doubtful Democrats, Representatives Raker, chairman of the suffrage committee, publically predicted tonight that the necessary two-thirds vote would be exceeded by fifteen or twenty votes.

Opponents of suffrage were claim-

ing a safe margin against the amendment during the day in spite of intimations from the suffragists that a trump card was yet to be played. There were no formal predictions from the opponents tonight, but a tremendous fight is promised.

The news of the President's action as a complete surprise to nearly everybody in the capital, though some of the suffrage leaders have insisted for a long time that the President was with them and would tell anybody who asked him. Until now in all public utterances the President has held to the view that suffrage was a question to be determined by the individual states and not by federal action.

START THE DAY RIGHT WITH A GOOD BREAKFAST

(U. S. Department of Agriculture) (U. S. Food Administration)

Fruit, Cereal, Milk—these make a meal—nourishing, easy to cook, good, cheap, of foods the Government asks us to eat.

Use Fruit
Fruit helps to keep your body in good health and to prevent constipation.

Use fresh fruit when possible.
Use prunes, dried apples, dried apricots. Soak them in water overnight and cook them long enough to make them tender.

Use dates or raisins. These are good added to the cereal ten minutes before taking it from the stove. Then you will not need sugar.

Use ripe bananas with dark skins. Bananas with greenish-yellow skins are hard to digest unless cooked.

Use Cereals
Corn-meal mush, oatmeal, rice, hominy (grits).

These are much cheaper than the "ready-to-eat" breakfast foods. A "ready-to-eat" breakfast food may cost 15 cents for a big package, but if the packages contains only one-quarter pound 60 cents a pound for cereal! This is eight or ten times as expensive as corn meal at 6 or 7 cents a pound. Look for the weights printed on the package and get the most for your money.

Corn-meal mush and oatmeal are good only when well cooked. Many people use too little salt and don't cook them long enough.

To cook corn-meal mush for five use 1½ cups corn meal, 2 teaspoons salt (level), 5 or 6 cups water. Bring salted water to a boil. Stir in the corn meal slowly. Don't let it lump. Cook it at least 30 minutes. It is better cooked for three hours, or overnight. Use a double boiler on the back of the stove, or a fireless cooker.

For oatmeal use 2½ cups rolled oats, 2½ teaspoons salt, 5 or 6 cups water. Bring the water to a boil. Stir the rolled oats slowly into the boiling water and cook for one hour, or overnight.

Eat the cereal with milk or sirup or butter or butter substitutes. You don't need bread besides.

A large amount of corn meal or oatmeal may be cooked at one time. The unused part placed in a greased bowl may be kept for a few days in a cool place. Do you know how good sliced and fried oatmeal is?

Instead of breakfast food you can take bread—preferably one of the war breads. Corn bread and milk is delicious.

Use Milk

Milk is an excellent food. A quart of whole milk gives as much nourishment as one pound of lean meat.

Children especially need it to make them grow strong and keep well. It is good for grown people, too. Give each child at least a glass for breakfast. Drink it hot or cold, or use it on the cereal, or make it into cocoa. Even at a high price milk is a cheap food for children.

No Coffee and Tea for Children

They are not foods. Let the grown people have them if they want them, but do not give the children even a taste. The children's drink is milk.

This is the first of a series on foods. They will help you to plan and cook meals at a low cost. They show many and varied uses for the foods the Government asks us to use.

The next of the United States Food articles are:

No. 2. Do You Know Corn Meal?
No. 3. A Whole Dinner in One Dish.
No. 4. Choose Your Food Wisely.
No. 5. Make a Little Meat Go a Long Way.

No. 6. Do You Know Oatmeal?
No. 7. Food for Your Children.
No. 8. Instead of Meat.

Keep these. Refer to them. Show them to your neighbors.

CONCRETE BOATS MAY NAVIGATE MISSISSIPPI

That the commerce carriers of the near future which are being depended upon to relieve railroad congestion and contribute materially to the winning of the war, may be built of concrete instead of wood, as in the past, is proven by one of the interesting exhibits that will feature the National Motor Boat Show in New York City January 19th to 26th.

This exposition in which war and commerce will take precedence this year over pleasure, in motor boating, draws many interesting exhibits from all sections of the country, not the least of which will be the concrete boat belonging to the United States Naval Reserve at Chicago.

This boat is built of concrete and was constructed by Walter Dowsey of Iron River, Michigan, who lacking a pleasure boat determined to experiment with concrete. He arranged an iron framework and forms, and the result of his experiment was so successful and attracted so much attention that he was induced to present it to the Naval Reserve at Chicago, where it has been in active use for several months. Owing to its oddity and the great future possibilities it represents it was decided to place the craft on exhibit at the National Show as one of the interesting developments of 1918.

With the development of inland waterways comes the question of the material from which the big freight carrying barges and towboats are to be constructed and it is known that the shipping board is now experimenting with concrete as a substitute for wood in the building of barges and hulls for coastwise as well as inland traffic.

Montreal launched a concrete boat

CRYING FOR HELP

Lots of It in Maysville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble. It is often the kidney's cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys. Read what Doan's have done for Maysville people.

Mrs. E. Spahr, E. Second and Walnut Sts., Maysville, says: "Whenever I have heard anyone complain of their kidneys, I have never seen Doan's Kidney Pills fail to help them. I have been greatly benefitted by them myself. At times, my back has ached and I have suffered from lameness through the small of my back. When I have been in that way, I have used a box or so of Doan's Kidney Pills, which I get at Chaslor's Drug Store. They have always quickly removed the trouble."

Mrs. Spahr is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—If your kidneys bother you don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Spahr had the remedy backed by home testimony 60c all sizes. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

last November and one has been building at Redwood City, Cal., for some time. It has been announced that this is to be used in trans-Pacific service. Another statement was that it will be taken over by Mr. Hurley's board.

This boat is 330 feet long, has a forty-six-foot beam and will be launched very soon according to announcements heretofore made.

GOOD ROADS TALK

Why don't you interest yourself in the road affairs of your county?

With good roads you save at least twenty cents per ton per mile on all material hauled over the roads. Figure what good roads will save you in one year.

You will receive one hundred times more from good roads than your taxes will be to build them.

Ask any man living along a good road if he would be willing to lose the road if his taxes to build it were refunded to him. His answer will be "No." What should convince you.

The high cost of living will be reduced in roads are built so that the products of the farm can be hauled to market cheaply.

Who pays the cost of hauling food stuffs over bad roads?

There is not a legitimate argument against good roads — build more of them.

Personals

Evans of Flemingsburg was business visitor in this city Thursday.

Mr. John Will Bradford, of the Georgetown (O.) News-Democrat, is a visitor in the city.

Mrs. O. L. Bartlett and two sons have returned home from a visit to relatives at Peebles, Ohio.

Miss Alice Kerr Hood has returned to her home in Flemingsburg after a short visit with her cousin, Miss Carroll Matthews, of East Third street.

WHITE ELEPHANTS AND WAR

Have you a whole elephant in your home? Of course you have, so has every one. Send it to Mr. Buckley's tire repair shop, on Sutton street, next to Myall & Calvert stable, and notify Mrs. R. B. Lovel, chairman of the rummage sale, which will take place January 18 and 19, to provide funds for war relief work.

Anything that you do not wish in your home, or are tired of, or of which you have a superabundance, constitutes a white elephant. Rags, rubber, old iron, junk of all description; that vase sent by a distant relative (be sure of the distance), that somehow never fitted into your scheme of decoration, may be the very bit desired by some one else. Pictures whose faces you longed to turn to the wall, but somehow never did, may find a congenial home through this sale. On the other hand, you may find the very thing you have longed for for less than a song. So rummage around and send something. Anything is acceptable from cut-glass to discarded clothing. Only it is suggested that really useful garments be sent to the city mission, and those of a more flimsy and ornamental nature be reserved for this sale.

DAVIS-TEEGARDEN

Mr. Charles A. Teegarden, of Brooksville, and Miss Jewel L. Davis, of this city, were united in marriage at the Christian Church parsonage by Rev. A. F. Stahl yesterday afternoon. Miss Nannie Busby and Ivin Case were the attendants. After a short stay in Cincinnati Mr. and Mrs. Teegarden will make their home in Brooksville where the groom has a position in the bank.

REPORT MADE

Of Work Done in Maysville During Past Seven Months By Health Campaign and Sanitary Survey.

The following is a brief statement of some of the work done in Maysville and Mason county during the past seven and one-half months by the health campaign and sanitary survey: Talks and lectures given with stereopticon, 50.

People attending (approximated), 9,045.

Schools visited and talks made, 15.

Health bulletins and other literature distributed (U. S.), 7,010.

State bulletins (Ky. sanitary privy and communicable disease), 3,029.

Sanitary privies built in city and county, 306.

Cisterns and water supplies improved, 25.

Cases of scarlet fever reported in county, 17.

Cases of diphtheria in county, 5.

Homes and school buildings (in county) fumigated, 9.

Visits made to homes outside city of Maysville, 2,355.

Homes outside city of Maysville visited two or more times, 402.

Homes visited in Maysville, 1,48.

Specimens collected and examined for intestinal parasites, 487.

Cases of hookworm disease found as result of these examinations, 22.

Specimens positive to other intestinal parasites (worms), 183.

Number of newspaper articles published, 77.

Homes visited outside Maysville (visiting nurse department), 543.

Follow-up visits to homes (visiting nurse department), 38.

Visits to schools and talks made (visiting nurse department), 63.

Eighty-five per cent of all the schools in the county, both white and colored, have installed Kentucky sanitary privies or are supplied with the closest sewer.

Typhoid serum has been kept on hand at all times and administered free to all that would take it.

Many lectures and talks have been made on preventive disease, covering typhoid, measles, whooping cough, consumption, pneumonia, bowel troubles both in adult and infant, scarlet fever, etc.

A week of "Baby Clinics" was held at the dispensary conducted by Miss Casey.

A demonstrating exhibit was held at the Germantown fair.

An exhibit was put on at the corn and tobacco fair demonstrating some of the practical forms of sanitation.

Some member of the sanitary force was at all times making talks on disease prevention and sanitation to the many hundreds of people at the fair.

Maysville is getting a safer, cleaner and better milk supply than she has ever gotten before. The result of co-operation of dairymen and sanitary survey.

Secured passage of ordinance regulating the sale of milk in Maysville.

The water supply of the city has been looked into. Bacterial examination of the water made from time to time. As result of examination have been able to determine amount of chlorine necessary to be put in water to make it safe for use. This information has been furnished the water company officials.

Secured passage of ordinance by council calling election on bond issue.

Secured passage of ordinance by council for installation of sanitary privy system.

Recommendations were made and plea made with grocery men to stop the practice of displaying of vegetables and uncooked foods unprotected from flies, dust and so on.

Inspected slaughter houses. Made recommendations for betterment, some of which have been carried out.

"Hunter's dump" was oiled during the mosquito season. Efforts are being made to put "Hunter's dump" in a sanitary condition, with the assistance of the state board of health.

In all of our work we have had the co-operation of the medical profession of both city and county, the health league and the people. The people must realize that the work of the health campaign during the past six months is only a beginning, and that health work never has an ending. A good start has been made, and it is to be hoped that Mason county's sanitation will never cease, but continue ever forward toward the goal of 100 per cent sanitation.

J. S. LOCK,

Full-time Health Officer Mason County.

SMALLPOX EPIDEMIC

At Manchester, Ohio—25 or 30 Cases Reported—Public Gatherings Are Banned.

The Manchester (O.) Signal has the following concerning the smallpox epidemic at that place:

Smallpox!

Now don't get excited and forget yourself and run right into it, but remain cool, talk very little concerning the disease until you know what you are telling is the truth and above all pay no attention to rumors heard on the streets, for you can hear almost everything in less than thirty minutes.

All homes where there is a case have been labeled "SMALLPOX" and the family quarantined, and while every precaution is being taken to head it off new cases develop almost every day; and just where it started is a mystery, but it is presumed that a stranger slipped into town and out again and left the disease in his wake.

This epidemic means no interruption in business and the public need have no fear in coming to Manchester to do their trading as usual.

The schools and churches have been closed, all children ordered vaccinated and all public gatherings forbidden, and with a little precaution and by using good common sense as your guide there is no cause for alarm and much less cause for so many street rumors, which has a tendency to keep the excitement up and spread.

At the time of going to press Wednesday noon 15 homes were quarantined and between 25 and 30 cases reported. The majority of the cases are in light form.

HOW MANY HAS HE?

The Flemingsburg Times-Democrat says: Ex-Judge Rice, of Mason county, is credited with the suggestion that the U. S. Government put a tax of \$5.00 a head on all dogs in the United States. We can better judge of Judge Rice's patriotism when we find out how many dogs he would have to pay on.

Washington, January 10—Woman suffrage passed in the House last night with exactly the required number of affirmative votes.
